### EVERYBODY'S DOCTOR,

By ROBERT A. GUNN, M. D.

Everybody's Doctor contains 654 octavo pages and is printed on fine paper handsomely bound. It is sold at the low price of three (3) dollars copy, so as to bring it within the reach of all.

The work differs from all other books on Domestic Medicine in having the diseases systematically arranged, according to their classification. Everything is described in the plainest possible language, and the prescriptions are written out in plain English, so that they can be employed by any intelligent reader.

Druggists will find this book of great advantage in aiding them to give advice when asked to do so.

Dentists will find much information in it that it will prove valuable to themselves and their patients.

Teachers will be better prepared for the performance of their duties in the school room by studying it.

Parents will find it a reliable adviser in everything relating to the rearing of their children.

Every family can save fifty times the price of the book every year, by consulting it.

It is complete in all its parts, and is the most recent book of the kind published.

The book will be sent free by mail or express on receipt of three dollars.

### TO THE CITIZENS OF RENO.

I HAVE BEEN A RESIDENT OF YOUR town for three years, and outside of my own business have not seen a decent pair of boots that were made here. In order, therefore, to extend to everyone facilities for obtaining really first-class boots and shoes, I have sent to San Francisco for two A. No. 1 mechanics, the best to be found in the country, and shall run (as heretofore) a first-class shoe shop. This enlargement of my stock and facilities will entail heavy extra expense, and I look and trust, therefore, to Reno's citizens, and all the people generally, for obtaining the very best of workmanship, to aid me with their increased patronage. First-class material, first-class workmen and first-class work, at living rates, is the motto of my coat of arms inscribed on the banner floating from my castle walls. Respectfully,

## NEARING COMPLETION.

Grand Preparation for the Opening of the Northern Pacific Railroad.

The report that the day had been appointed and the gold spike and silver hammer prepared for laying the last rail on the Northern Pacific is stated at the company's office to be premature. Invitations have been issued so far only to leading stockholders and friends in England and Germany. The day will be appointed when Vice-President Oakes returns, who is now in Walla Walla Eastward bound. It will be about the 1st of September, as only one hundred miles remain of uncompleted rail communication. The opening ceremonies will be international and imposing. Guests will include representatives of England, Germany, the Federal States and Territories, prominent members of the bar, judiciary, railroad, banking, commercial and newspaper fraternities, together with London and Amsterdam capitalists and Wall street men. A distinguished company is expected to go through to the Pacific. Rufus Hatch's Yellowstone excursion via the Northern Pacific, it is stated, will take no part in the opening exercises, but a separate affair, in the interest of his Yellowstone Park scheme, will occur about the 1st of August, at which time the Yellowstone branch of the Northern Pacific will be opened.

The Minnesota Republican platform approves the river and harbor bill and the re-enactment by Congress of the act of pension clause. The platform also says: "We believe in maintaining the system of internal revenue levied upon articles of luxury, such as whiskey and tobacco, together with a system of duties upon imports so applied as to provide a revenue for the necessary expenses of the government, adjusted as to encourage the development of the manufacturing and laboring interest of the whole country." It indorses the administration of President Arthur, and favors submitting a prohibition constitutional amendment to the people.

At a "dining out" of congenial spirit a few days since, a personal friend of ex-Gov. Sprague, of Rhode Island stated that the ex-Governor will follow the example of Butler in Massachusetts and try again for the Governorship next spring; in fact, that the State was now undergoing a process of organization for the registration of voters and payment of taxes. If the Governor's friend is correctly informed, an early spring can be confidently predicted.

The House of Lords has rejected the bill permitting marriage with a deceased wife's sister. Nays, 145; ayes, 140. Poor Dalhousie.

Butler is a "bigger man" than Harvard.

## THE OHIO PLATFORM.

The Republicans of Ohio, in State Convention assembled, adopt the following declaration of principles:

1. That the Republican party, in preserving the life of the Nation, in giving freedom and equal rights to all its citizens, in the reconstruction of the Union, in upholding the National honor, in the generous provisions made for those who have suffered for their country, in keeping the National faith and advancing the National credit, in the speedy payment of the public debt, in the reduction of National taxation, in the elevation of the civil service, in the enactment of a series of wise public measures which have given the country unexampled prosperity, have given the best assurances of its purposes for the future.

2. That the Republican party believe now, as in the past, in the maintenance of a tariff system which will provide a revenue for the Government and at the same time will protect American producers and American labor; that it is opposed to the Democratic doctrine of "a tariff for revenue only," because such a doctrine, if enforced, would of necessity compel American workmen to accept the unremunerative wages which are paid their foreign rivals. It looks with alarm upon the purpose already avowed by the Democratic leaders that the next Congress will revise the tariff by further reducing the duties on imports, which, if executed, will unsettle the business of the country, and will produce great injury to the mechanics, producers and artisans of the land.

3. That the wool tariff of 1867 should be restored at the first possible opportunity.

4. That we are in favor of the establishment by Congress of a National Bureau of Labor Statistics for the purpose of collecting and systematizing all statistics relating to the industrial, social and sanitary condition of the laboring masses of the Nation.

5. That we approve of the action of the General Assembly of Ohio in the admission of constitutional amendments in relation to the liquor traffic, thus giving an opportunity to the people to make such changes in the organic law of the State as may be approved by their judgment.

6. That we approve of the taxation of the liquor traffic, for revenue, and for the purpose of providing a means for the relief of the State from such traffic.

7. That we congratulate the country upon the reduction, by the last Congress, of internal taxes of more than forty million dollars annually, while at the same time the credit of the Nation is maintained and the steady reduction of the National debt is provided for.

8. That the wise and conservative administration of President Arthur meets with the hearty approval of the Republicans of Ohio.

9. That we commend the action of the General Assembly of the State in providing a Commission to examine into the system of prison contract labor, and we declare ourselves in favor of the abolition of said contract system.

10. That we reiterate the declarations of previous Republican Conventions in favor of civil service reform, and welcome every intelligent effort to make that measure political; and we especially approve the provisions made by a Republican Congress for giving the patriotic soldiers of the late war, with the proper qualifications, the preference for all places under the Government.

11. That we favor the repeal of the law limiting the time in which applications for pensions under the Arrears of Pensions shall be made.

12. That the greatly improved condition of the public institutions of the State; the successful refunding of the public debt at a rate of interest lower than a loan has been placed by any other State; the provision for and payment of \$1,800,000 of the public debt; the improved financial condition of the State being such that we may reduce the rate of taxation and at the same time be amply able to make large expenditures for the benefit of the charitable institutions of the State—all this accomplished in the face of what appeared to be an absolute necessity under Democratic administration to increase State taxation—attest the wisdom, care and economy of the administration of Governor Foster, and is an assurance to the people of the State that their best interests are to be subserved by the continuance of the Republican party in power.

## A "Bluff" At Carson.

(Virginia Enterprise)

There are some beautiful groves for picnics on the Carson river, below Dayton, along the line of the Orson and Colorado. Some of our people who have been down there and examined these groves are loud in their praise. There are also fine bathing and swimming places near at hand, flocks of singing birds and acres of wild flowers. If the Carson people do not care to come up to our Fourth of July celebration, they will doubtless be pleased to go with us to our new picnic grounds.

## A Railroad War.

Thursday morning the Denver and Rio Grande announced a cut of from \$4 to \$6 on their passenger rates East, and a shortening of twelve hours time between Salt Lake and Denver. The reduction in the passenger tariff is to take place on Sunday morning. This is supposed to be the beginning of a railroad war between the Denver and Rio Grande and Union Pacific. Although the Union Pacific has made no sign as yet, it will be impossible for them to keep out of the war.

Roscoe Conkling declines to make an address at Richfield Springs July 4th, saying: "My time night and day, is all in my professional work, and all the labor I can get out of myself is due to clients for months to come."

## RE-INVESTIGATED.

A Remarkable Statement Fully Confirmed by Three Important Interviews.

An unusual article from the Rochester, N. Y., Democrat and Chronicle was published in this paper recently and has been the subject of much conversation both in professional circles and on the street. Apparently it caused more commotion in Rochester, as the following from the same paper shows:

Dr. J. B. Henion, who is well known not only in Rochester, but in nearly every part of America, sent an extended article to this paper, a few days since, which was duly published, detailing his remarkable experience and rescue from what seemed to be certain death. It would be impossible to enumerate the personal enquiries which have been made at our office as to the validity of the article, but they have been so numerous that further investigation of the subject was deemed an editorial necessity.

With this end in view a representative of this paper called on Dr. Henion at his residence, when the following interview occurred:

"That article of your's, doctor, has created quite a whirlwind. Are the statements about the terrible condition you were in, and the way you were rescued such as you can sustain?"

"Every one of them and many additional ones. Few people ever get so near the grave as I did and then return, and I am not surprised that the public think it marvelous. It was marvelous."

"How in the world did you, as a physician, come to be brought so low?"

"By neglecting the first and most simple symptoms. I did not think I was sick. It is true I had frequent headaches; felt tired most of the time; could eat nothing one day and was ravenous the next; felt dull, indefinite pains, and my stomach was out of order, but I did not think it meant anything serious."

"But have these common ailments anything to do with the fearful Bright's disease which took so firm a hold on you?"

"Anything? Why, they are the sure indications of the first stages of that dreadful malady. The fact is, few people know or realize what ails them, and I am sorry to say that too few physicians do either."

"That is a strange statement, doctor."

"But it is a true one. The medical profession have been treating symptoms instead of diseases for years, and it is high time it ceased. We doctors have been clipping off the twigs when we should strike at the root. The symptoms I have just mentioned or any unusual action or irritation of the water channels indicate the approach of Bright's disease even more than a cough announces the coming of consumption. We do not treat the cough, but try to help the lungs. We should not waste our time trying to relieve the headache, stomach, pains about the body or other symptoms, but go directly to the kidneys, the source of most of these ailments."

"This, then, is what you meant when you said more than one-half the deaths which occur arise from Bright's disease, is it doctor?"

"Precisely. Thousands of so-called diseases are torturing people to-day, when in reality it is Bright's disease in some one of its many forms. It is a Hydra-headed monster and the slightest symptoms should strike terror to every one who has them. I can look back and recall hundreds of deaths which physicians declared at the time were caused by paralysis, apoplexy, heart disease, pneumonia, malarial fever and other common complaints which I see now were caused by Bright's disease."

"And did all these cases have simple symptoms at first?"

"Every one of them, and might have been cured as I was by the timely use of the same remedy—Warner's Safe Cure. I am getting my eyes thoroughly open in this matter and think I am helping others to see the facts and their possible danger also. Why, there are no end of truths bearing on this subject. If you want to know more about it go and see Mr. Warner himself. He was sick the same as I, and is the healthiest man in Rochester to-day. He has made a study of this subject and can give you more facts than I can. Go, to, and see Dr. Lattimore, the chemist, at the University. If you want facts there are any quantity of them showing the alarming increase of Bright's disease, its simple and deceptive symptoms, and there is but one way by which it can be escaped."

Fully satisfied of the truth and force of the Doctor's words, the reporter bade him good day and called on Mr. Warner at his establishment on Exchange street. At first Mr. Warner was inclined to be reticent, but learning that the information desired was about the alarming increase of Bright's disease, his manner changed instantly and he spoke very earnestly.

"It is true that Bright's disease has increased wonderfully, and we find by reliable statistics, that in the past ten years its growth has been 250 per cent. Look at the prominent men it has carried off: Everett, Sumner, Chase, Wilson, Carpenter, Bishop, Haven and Peck, and others. This is terrible, and shows a greater growth than that of any other complaint. It should be plain to every one that something must be done to check this increase or there is no knowing where it may end."

"Do you think many people are afflicted with it to day who do not realize it, Mr. Warner?"

Hundreds of thousands. I have a striking example of this truth which has just come to my notice. A prominent professor in a New Orleans medical college was lecturing before his class on the subject of Bright's disease. He had various fluids under microscopic analysis, and was showing the students what the indications of this terrible malady were. In order to show the contrast between healthy and unhealthy fluids, he had provided a vial, the contents of which were drawn from his own person. "And now gentlemen," he said, "as we have seen the unhealthy indications, I will show you how it appears in a state of perfect health," and he submitted his own fluid to the usual test. As he watched the results his

countenance suddenly changed—his color and command both left him, and in a trembling voice he said: "Gentlemen, I have made a painful discovery; I have Bright's disease of the kidneys, and in less than a year he was dead."

"You believe, then, that it has no symptoms of its own and is frequently unknown even by the person who is afflicted with it?"

"It has no symptoms of its own and very often none at all. Usually no two people have the same symptoms, and frequently death is the first symptom. The slightest indication of any kidney difficulty should be enough to strike terror to any one. I know what I am talking about, for I have been through all the stages of kidney disease."

"You know of Dr. Henion's case?"

"Yes, I have both read and heard of it."

"It is very wonderful, is it not?"

"A very prominent case but no more so than a great many others that have come to my notice as having been cured by the same means."

"You believe then that Bright's disease can be cured?"

"I know it can. I know it from the experience of hundreds of prominent persons who were given up to die by both their physicians and friends."

"You speak of your own experience, what was it?"

"A fearful one. I had felt languid and unfitted for business for years. But I did not know what ailed me. When, however, I found it was kidney difficulty, I thought there was little hope, and so I did the doctors. I have since learned that one of the physicians of this city pointed me out to a gentleman on the street one day, saying, 'there goes a man who will be dead within a year.' I believe his words would have proven true if I had not fortunately secured and used the remedy now known as Warner's Safe Cure."

"And this caused you to manufacture it?"

"No it caused me to investigate. I went to the principal cities, saw physicians prescribing and using it and I therefore determined, as a duty I owed humanity and the suffering, to bring it within their reach and now it is known in every part of America, is sold in every drug store and has become a household necessity."

The reporter left Mr. Warner, much impressed with the earnestness and sincerity of his statements and next paid a visit to Dr. S. A. Lattimore at his residence on Prince street. Dr. Lattimore, although engaged upon some matters connected with the State Board of Health, of which he is one of the analysts, courteously answered the questions that were propounded him:

"Did you make a chemical analysis of the case of Mr. H. H. Warner some three years ago, doctor?"

"Yes, sir."

"What did this analysis show you?"

"The presence of albumen and tube casts in great abundance."

"And what did the symptoms indicate?"

"A serious disease of the kidneys."

"Did you think Mr. Warner could recover?"

"No, sir. I did not think it possible. It was seldom, indeed, that so pronounced a case, had, up to that time, ever been cured."

"Do you know anything about the remedy which cured him?"

"Yes, I have chemically analyzed it and upon critical examination, find it entirely free from any poisonous or deleterious substances."

We publish the foregoing statements in view of the commotion which the publicity of Dr. Henion's article has caused and to meet the protestations which have been made. The standing of Dr. Henion, Mr. Warner and Dr. Lattimore in the community is beyond question and the statements they make cannot for a moment be doubted. They conclusively show that Bright's disease of the kidneys is one of the most deceptive and dangerous of all diseases, that it is exceedingly common, alarmingly increasing and that it can be cured.

## What is Being Said and Done in a Small Way.

Orvis Ring came in from Winnemucca last night.

No more stock quotations after to-day until next Thursday.

Lieut. Gov. Laughton was in Reno last evening, en route to Tahoe.

Little Georgie Gartenbach was bitten in the face last night by Hall's dog.

James Cross, of Candelaria, was in Reno last night, on his way to Tahoe.

C. J. Brookins returned from his Eastern trip last night, and looks as though he had enjoyed it.

Reno strawberries will only be in market a few days. The demand is greater than the supply, and lots of orders will not be filled.

It would be a lamentable affair should either of the Deacons of the Episcopal Church fall into one of those man-pits in the Church sidewalk.

U. S. District Judge Sabiu came down from Carson last night and went up to Truckee to meet and return with a niece, who is going East.

The Russell-Bergman case in the District Court did not make any progress yesterday. On account of the absence of Dr. Hogan the case was postponed until to-day.

**A Card.**  
We, the undersigned, teachers in the Reno Public School, take this method of showing our appreciation of the services of Mr. N. J. Roff, as the janitor during the past year. At all times we have found Mr. Roff kind and obliging while acting in this capacity, and the school buildings under his care have been models of neatness and order. As a protector of school property we have ever found him active and gladly do we recommend him for the same position the ensuing year.

## Pleased With the Norcross.

The Chronicle says that on Thursday afternoon Archie Borland, Philipp Deidesheimer, Hank Smith and a number of other experts visited the Hale & Norcross mine. Mr. Borland declared that the showing in the vicinity of the mine is the most encouraging he has seen on the Comstock for years. The other members of the party were well satisfied with the appearance of things, and some excellent specimens were brought up.

## Scene at the Combs Trial.

The Carson Appeal says the ninth juror accepted was a negro named Miller. The following colloquy took place between the juror and the council:

Mr. Woodburn—"Were you present at the last trial?"

Juror—"Yes, sir."

Woodburn—"Did you hear the speech of General Clark?"

Juror—"Yes, sir."

Woodburn—"Did it make any impression on you?"

Juror—"None at all, sir."

(Laughter in which Kittrell joined heartily.)

Woodburn—"Did General Kittrell's speech make any impression on you?"

Juror—"None at all, sir."

(More laughter, in which Clarke joined heartily.)

## A GREAT CLIMATE

## Remarkable Gain of Avoidedpois at Reno.

[Carson Appeal Label No. 1,371.]  
"I tell you," remarked one of Carson's solid men a few days ago, "it's my humble opinion that, say what you will, Reno is after all the most healthy place in the State."

"In what respect?" asked a doubter.  
"In building up people. There is my wife, she left here last month on a visit to some friends. She only weighed a hundred and twenty pounds and she writes me that she now weighs a hundred and fifty-eight pounds. Only been in Reno three weeks."

"Remarkable gain. Are you sure she is correct. Were the scales good, reliable ones?"

"Reliable scales? they were Fairbank's standard make, right there in the freight office of the C. P. Railroad Company."

The other man sat down on a dry goods box and laughed immoderately, and when the lady came back from Reno yesterday she only weighed 119 pounds, probably having lost the rest on the trip up.

## THE NEW TIME CARD

## Arrival and Departure of All C. P. Trains.

The JOURNAL is indebted to Supt. Whitford for a copy of the new time card, which goes into effect Tuesday, July 3d, at 12:05 A. M. The East bound Overland train will arrive at Reno at 6:30 A. M. and leave at 7. The West bound Overland will arrive at Reno at 7:40 A. M. and leave at 8:10. The East bound freight and emigrant will arrive at Reno at 4:55 A. M. and leave at 5:30. The West bound will arrive at 4:55 A. M. and leave at 6:30. The regular freight train East bound will arrive at Reno at 6:15 P. M. and leave at 7:35. The West bound will arrive at 7:30 P. M. and leave at 7:55. It will be noticed that all trains are close together at Reno.

All of the Republican school teachers of Stockton, California, have been removed by the Democratic Board of Education. No reasons for the changes were given. On account of the alleged irregularities in the election of their successors, Congressman Budd, who is opposed to the changes, and as attorney for the minority of the Board, will carry the case into the courts on a writ of certiorari. Among the removals is that of A. H. Randall, Principal of the High School. He has held the position for sixteen years.

An examination of the records of the collectors for revenue districts as rearranged, show that in all but eight States the President has retained the collectors most recently appointed, and has dropped those whose commissions were the oldest. The States in which the opposite course has been followed, are California, Georgia, New Jersey, Kentucky, Illinois, Missouri, Minnesota and West Virginia.

The Record Union says "the beer question in Sacramento is still unsettled. The brewers will not come down in price, and there is a strong effort being put forth, rather secretly, by the tenant houses to have the price increased from \$8 per barrel to \$10. This will low drive, and is being encouraged by all have the effect of closing up all the best citizens."

Quartermaster General Ingalls has requested to be put on the retired list from the 1st of July. He will then be forty years in the service. Generals Halbird, Saxton and Perry are the most prominent candidates for the position.

The expert who has been investigating the San Francisco harbor frauds reports the total amount stolen at \$87,218 10.

**ECONOMIZING ON GAS.**—County Commissioner Werrin, in company with John S. Kanout of the Gas Co., and Attorney Stephens, made a tour of the city last evening in order to ascertain the number of street lamps that could be done away with. It was decided to discontinue the lighting of 11 lamps in different portions of the town. This will effect a saving to the county of \$83 per month or \$1,056 per year. After plugging up a few spigot-holes like this, the Commissioners may finally get around to the big bung-hole, and adopt Sheriff Brown's plan for saving several thousand dollars a year. — Virginia Chronicle, 29th.

## What Run Does.

Arrests during 1893:—New York City, 71,689; drunk and disorderly, 48,192; females 12,902; Philadelphia, 44,829; drunk and disorderly 26,205; females, 6,431; Boston, 25,896; drunk and disorderly, 13,533; females, 1,223; San Francisco, 25,599; drunk and disorderly, 19,000; Chicago, 31,713; drunk and disorderly, 13,443; females, 4,119.

With a baby at breast nothing is so useful for quieting my own and baby's nerves as Parker's Ginger Tonic. It prevents bowel complaints, and is better than any stimulant to give strength and appetite. — A Newark Mother.

## The Fourth at Virginia.

The celebration at Virginia next Wednesday promises to be a gratifying success. The patriotic citizens of that patriotic city are working night and day to insure a celebration worthy of the occasion, worthy of themselves, and satisfactory to those of their neighbors who may visit them upon the 108th anniversary of our greatest National holiday. Neither Carson, the Capital, nor Reno, the "Hub," the other two prominent towns of the western part of the State, have made any preparations to observe the day in a befitting manner, and both of them ought to at least lead their moral support to Virginia. There is no disguising the fact that Reno is quiet, and many of our people feel poor, but nevertheless upon this occasion, it is the bounden duty of Reno to show Virginia that she is grateful for past favors, and this can best be done, by attending the celebration on the 4th. Virginia has always seemed like a mother to Reno. She has always acted in that manner, and many of her kind deeds stand out in such bold relief that they are constantly coming up before us. It was Virginia that first responded to our call after the big fire of '73, and provisions and clothing were furnished with unstinted lavishness. Reno as quickly returned the compliment when Virginia was burned in '75, but Virginia paid us back again in 1879. When Reno inaugurated the State Fair enterprise it was Virginia that aided; and when our Pavilion was constructed she gave us another thousand, not to mention the many favors extended during the progress of the several Fairs. On the 4th, last year, it was from Virginia that Reno had its largest and best crowd. There has always been a good feeling for Reno by Virginia, and it is as little as we can do to help her out on this coming 4th. Let every Renoite strain a point, if necessary, and go to Virginia next Wednesday.

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering, and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw-lyr.

## Home Comfort.

After a Rainy Ride a Country Physician Tells What He Thinks of Some People.

"I wish to gracious some people would learn when they need a doctor and when they don't," exclaimed Doctor E.—, as he entered his house in a cozy little village in the interior of the State of New York, after a tedious night ride of many miles. "I have been down among the mountains to see a man, who the messenger said, was very sick and not likely to live till morning, unless he had immediate help; and found him suffering from a sharp attack of colic, which his family might have relieved in ten minutes, if they had a grain of opium and two or three simple remedies in the house. But no, they must remain ignorant as pigs and when the least ache or pain takes them, send for a doctor, whether they ever pay him or not."

"Why, Doctor, what kind of simple remedies, as you call them, do you expect to keep in the house?" asked his wife, as she poured him a cup of hot tea.

"In this case," answered the Doctor, "if they had only put a BENSON'S CAPSICUM POROUS PLASTER on the man's stomach, he would have been all right in an hour, and saved me a dreary ride."

In all ordinary complaints it cures at once. All diseases are eliminated from the system by what may be roughly called expulsion or extraction, or by a union of two processes. Benson's Plaster promotes both. It facilitates the torpid organs to act, and sends its healing, soothing influence through the myriad pores of the skin. All other plasters oblige the patient to wait. They give him hope for to-morrow. Benson's Plaster gives him help to-day. Which is better, do you think? Buy the CAPSICUM and keep it in the house. Price 25 cents.
